

## Global Alliance for Improved Nutrition

<b>Job title:</b>	Project Assistant, YASP		
<b>Classification:</b>	Grade 2	<b>Direct reports:</b>	0
<b>Work location</b>	Dhaka, Bangladesh	<b>Travel required:</b>	Field Visits 30%

The Global Alliance for Improved Nutrition (GAIN) is a Swiss-based foundation launched at the United Nations in 2002 to tackle the human suffering caused by malnutrition. Due to COVID19, conflict in Ukraine and climate change, malnutrition and hunger have worsened significantly since 2019, reversing a decade of progress. There is growing recognition that our food systems need to change if we are to reverse these trends.

GAIN's Strategy aims to transform food systems to make healthier diets from sustainable food systems accessible to all people and especially those whose are most vulnerable to shocks. By 2027, we aim to improve the access of 1.5 billion people to nutritionally enhanced staple foods, improve the access of 25 million people to healthier diets, and support positive food system change in 10 countries. This is bold and complex, and the only way to achieve this is to work together with partners including governments, businesses, and civil society at the country and global level. These goals, and the ways of achieving them, build on our twenty-year legacy of transforming people's lives with improved nutrition through concerted action and effective policy change.

DESCRIPTION
<p><b>Overall purpose</b></p> <p>GAIN seeks to hire a Project Assistant for the Youth-led Agribusiness Service Providers (YASP) program supported by a grant from an international foundation.</p> <p>The project objective is to improve the availability of quality, nutritious and safe food to vulnerable communities in Bangladesh through youth-led agriculture. Through this project, GAIN seeks to support selected youth-led agriculture start-ups to develop their capacity, revamp their organizational strength/operational capabilities, expand their network/reach, and lastly enhance their impact through greater penetration. These Agribusiness Service Providers (ASPs) will be further supported by GAIN to meet specific targets that have an over-arching theme of incentivizing young people to adopt farming and improve their livelihoods by linking the agricultural value chain with innovation and modern technology while also making it more attractive and profitable with a sound business plan.</p> <p>The ASPs, under the supervision of GAIN, will aim to provide training in modern farming technologies and build young farmers' capacities to engage in farming as commercial enterprise or through developing enterprises along the value chain. GAIN intends to reach as many as 15,000 farmers with training modules in innovative, safe, and sustainable business solutions ensuring healthier and safe food with high nutritious value for their families and communities at large.</p> <p>The Project Assistant will be expected to support the Private Sector Coordinator in successfully implementing YASP project activities in collaboration with partners. The role will specifically provide support to two youth-led agri-service provider start-ups in developing their capacity and growing as organizations. The Project Assistant will provide necessary basic technical, logistic, and administrative support to the project.</p> <p>The candidate is expected to have experience of working in or with start-ups and be familiar with the start-up ecosystem in Bangladesh.</p> <p><b>This role will be offered on fixed-term contract from the date of hiring up to December 2025 (with possibility of further extension depending on budget availability). The Project Assistant will be based in Dhaka, Bangladesh with travel (&gt; 30%) outside of the city as and when required by the project.</b></p>

## Global Alliance for Improved Nutrition

### Tasks and Responsibilities

**Overall, the Project Assistant, YASP will support project implementation activities as well as assisting with the quality monitoring and reporting of the project along with other responsibilities.**

#### Project Support

- Provide administrative support to the project and related activities in accordance with GAIN guidelines for successful implementation.
- Collect, collate, and compile project related data for project database, reports and updates.
- Track and monitor progression of the project by taking periodic updates from the two Agribusiness Service Providers (ASPs) and other relevant stakeholders and flag any potential delays, risks or issues to the program team in a timely manner.
- Assist in field visits to monitor project progress and draft reports about project activities and updates.
- Support with the preparation of letters, notes, terms of reference (ToR), and technical documentation as per the project activities and requirements.
- Facilitate logistics support for organizing meetings with partners and write meeting notes for circulation to relevant stakeholders.
- Support budget administration, procurement and contracting processes.
- Collaborate and liaise with the project team regularly and effectively.
- Assist the project team in preparing project surveys (along with related documents).

#### Stakeholders Support

- Support the project team in maintaining good relations with the farmer communities and field officers where the ASPs will be operating (i.e. Rangpur, Kurigram, Lalmonirhat, Tangail, urban areas of Dhaka etc.) to ensure smooth communication and collaboration.
- Assist the project team to work with curriculum developers in developing training materials for farmers

#### Monitoring, reporting and learning support:

- Be well-versed of GAIN's internal monitoring, reporting, and learning mechanism and collect information, record data and file information to meet the reporting and monitoring standards.
- Support the Private Sector Coordinator with relevant updates to keep internal reporting mechanisms like QUAD/PRIMS updated.
- Support in preparing presentation and communication materials as well as organizing webinars.
- With the guidance of the Private Sector Coordinator, prepare documentation on latest innovation and technology in the agricultural sector on a weekly basis for the project team.
- Support the project team in preparing detailed reports on project updates for donors and relevant stakeholders.
- Assist in drafting documentation of the activities including monitoring reports based on Key Performance Indicators (KPIs), quarterly reports, annual reports, best practices, and capacity building manual for mainstreaming the best practices of the project.

#### Key organizational relationships

- Reports to Private Sector Coordinator, GAIN Bangladesh
- Portfolio Lead, LSFF and Value Chain
- Working closely with Finance and Operation teams
- Work closely with global stakeholders within GAIN
