

Global Alliance for Improved Nutrition

Job title:	M&E Manager		
Classification:	Grade 5	Direct reports:	1 - 5
Work location	Maputo, Mozambique	Travel required:	Up to 30%

The Global Alliance for Improved Nutrition (GAIN) is a Swiss-based foundation launched at the UN in 2002 to tackle the human suffering caused by malnutrition. Working with both governments and businesses, we aim to transform food systems so that they deliver more nutritious food for all people. In particular, we aim to make healthier food choices more desirable, more available, and more affordable. GAIN's mission is to advance nutrition outcomes by improving consumption of nutritious and safe food for all people, especially the most vulnerable to malnutrition.

DESCRIPTION
<p>Overall purpose</p> <p>The position is responsible for leading programme monitoring across the GAIN Mozambique portfolio of projects and ensuring that the learnings from monitoring and research are used to make improvements to programmes and to strengthen strategy. S/he will provide senior technical support to the project teams to design, coordinate and implement the monitoring framework of the country programme.</p> <p>This position will functionally report to the Country Director, GAIN Mozambique with all technical aspects of the work managed by the Director, Knowledge Leadership. There will be close collaboration with the Knowledge Leadership (KL) team as well as centralized programme teams.</p>
<p>Tasks and responsibilities</p> <p><u>Monitoring and program improvement</u></p> <ul style="list-style-type: none"> • Develop or improve programme theories of change and results frameworks and plans in collaboration with project managers in Mozambique, the Knowledge Leadership (KL) and Programmes Services (PST) teams and implementing partners • Oversee the in-country monitoring activities for all programmes • Lead on the consolidation of the country Learning Agenda to capture programme learning and inform improvements to programmes and strategy • Support the design and adaptation of the programme monitoring tools and processes and lead on the training and quality assurance of the programme monitoring components. • Conduct monitoring field visits as required to ensure that project progress is on track. • Ensuring timely and good-quality routine activity progress monitoring and reporting by implementing partners. • Contribute to critical analysis and interpretation of monitoring and research results to formulate recommendations on program actions, improvements, and lessons learned. <p><u>Reporting and stakeholder engagement</u></p> <ul style="list-style-type: none"> • Manage and ensure the consistent review, data analysis and preparation of reports on monitoring indicators. • Review and interpret monitoring data as part of preparation for GAIN's performance and donor reports and ensure quality of project reports aligning with the theory of change and results framework.
